EPA eLearning: Skillport Online Training and Resources

EPA eLearning is the Skillport training and professional development system available to Agency employees at work or from home, 24 hours a day and 7 days a week. Online courses, books, simulations and other resources are available on topics such as project management, the Microsoft suite, IT security, professional skills, and more.

Click here to enter the EPA eLearning Site.

Assistive Technology users, click here to enter the EPA eLearning Skillport Site. EPA's single sign on application will pause to allow you to check *Enable Web Accessibility*. What is Web accessibility?

Hosting Your Training on EPA eLearning:
If you are interested in hosting a training course or courses on the EPA eLearning SkillPort site, please visit the EPA University SharePoint — eLearning Training Development page to learn more about the hosting process and technical specifications required.
